PROFESSIONAL SUMMARY

Ilyosbek Axmedjanov is a passionate and detail-oriented **Full Stack Developer** with a strong foundation in **HTML, CSS, JavaScript, TypeScript, React.js, Next.js Node.js, and Express.js**, as demonstrated through diverse projects available on GitHub. Skilled in developing both **frontend and backend** components, Ilyosbek specializes in creating scalable, responsive, and dynamic web applications.

With hands-on experience using modern tools and frameworks such as **Tailwind CSS, Bootstrap, Sass, PostgreSQL**, he delivers high-performance solutions and smooth user experiences. Proficient in deployment using **Vercel, Render, and Netlify**, Ilyosbek ensures seamless integration from development to production.

Driven by continuous learning and innovation, he focuses on building clean, maintainable code, enhancing user interactivity, and leveraging the latest web technologies to craft reliable, full-featured applications.

SKILLS

Skills

Frontend:

Styling & Frameworks:

State Management & Data Handling:

Animations & Interactivity:

Internationalization (i18n):

Forms & Validation:

Charts & Visualization:

Backend:

Database:

Version Control:

Technical Skills

HTML5, CSS3, JavaScript (ES6+),
TypeScript, React.js, Next.js

Tailwind CSS, Bootstrap, Sass, Styled
Components, ShadCN UI, Radix UI

Redux, Redux Toolkit, Zustand, Context
API, React Query (TanStack Query), SWR,
Axios, AJAX

Framer Motion, GSAP, AOS (Animate On
Scroll), Lottie, Lenis Smooth Scroll

i18next, react-i18next

React Hook Form, Yup, Zod

Chart.js, Recharts

Node.js, Express.js, WebSocket.io

PostgreSQL

Git, GitHub

Deployment & DevOps:	Vercel, Render, Netlify, Railway, GitHub Pages
Tools & Technologies:	VS Code, npm, REST APIs, JSON, Postman, Figma (basic), ESLint, Prettier, Responsive Design, SEO Optimization
Other:	Basic understanding of Next.js API routes, server-side rendering (SSR), static site generation (SSG), and API integration
Soft Skills	• Problem-Solving: Skilled at identifying and solving complex technical challenges • Teamwork: Experience working with Git and GitHub in collaborative projects • Time Management: Organized and efficient in meeting deadlines and project goals
• Communication: Strong collaboration and communication skills in team environments • Adaptability: Quick to learn and apply new technologies and frameworks • Continuous Learning: Passionate about exploring new tools, improving workflow, and enhancing development quality	

WORK HISTORY

Frontend Teacher GENNIS NURAFSHON CAMPUS - Tashkent, Toytepa	05/2025 - Current
• Developed and implemented engaging frontend curriculum, enhancing student understanding of web development concepts and technologies. • Utilized modern web development frameworks to teach students, fostering their practical skills through hands-on projects. • Assessed student progress through various evaluations, providing constructive feedback to improve their coding proficiency. • Collaborated with fellow educators to refine teaching strategies, ensuring alignment with industry trends and best practices. • Organized and led workshops, promoting knowledge sharing and skill enhancement among students in frontend development. • Identified struggling students early on and provided additional support through tutoring sessions and modified lesson plans.	
FrontEnd Engineer Shahnur Software - Tashkent, Uzbekistan	08/2024 - 05/2025
• Developed 50+ professional resume templates and cover letters, improving user accessibility and customization options for diverse professional fields. • Built a comprehensive marketplace and dashboard using modern technologies, enhancing user interaction and streamlining content management by integrating intuitive features. • Increased user retention by implementing responsive design principles and optimized performance across devices. • Enhanced visibility and usability for users • Developed responsive web applications using HTML, CSS, and JavaScript, enhancing user experience and interface design. • Collaborated with cross-functional teams to implement Agile methodologies, improving project delivery timelines and team communication. • Optimized website performance through code reviews and debugging, resulting in a more efficient and faster user experience.	

- Integrated RESTful APIs into applications, facilitating real-time data updates and improving overall functionality for end-users.

Frontend Engineer | East Way Solution - Tashkent

08/2024 - 12/2024

At East Way Solution, I was responsible for updating and improving the company's main website, as well as contributing to the development of several client projects. My work focused on enhancing website performance, implementing modern UI/UX principles, and ensuring responsive and accessible design. I collaborated closely with designers and backend developers to deliver clean, efficient, and visually appealing web solutions.

Key achievements:

- Successfully redesigned and optimized the company's main website for better performance and user experience.
- Developed and maintained additional websites for clients using modern frontend technologies.
- Improved site responsiveness and implemented interactive animations to enhance engagement.

EDUCATION

Tramplin - Toshkent

09/2024

No Degree: FrontEnd Engineering

Tashkent University of Information Technologies - Toshkent

Expected in 06/2026

Bachelor of Science: 4
